

For the approaching winter season we have something new to keep our customers warm and happy:

TEA 'N' CINNAMON

The idea is simple. With TEA 'N' CINNAMON you receive a freshly prepared tea that is ideal for those uncomfy winter days without any prohibitive additional costs and efforts.

Five Pyra Pack blends are ideal for TEA 'N' CINNAMON: Assam Meleng, English Superior, Grün Matinee, Toffee Rooibush und Lemon Mint. Preparation couldn't be easier: Prepare hot tea as usual and add a stick of cinnamon. A slice of orange or apple – if desired - completes the wonderfully aromatic and slightly spicy winter tea temptation.

Cinnamon sticks, cut to a length of 12 cm, are available in 1 kg bags that hold approximately 100 pieces.

For your support, we also offer you a sales sheet as well as a table display card. More information and download links for open production files can be found on the following pages.
